

Case Study

# The Gym Group

Northampton

### **A national roll out across The Gym Group**

Founded in 2007, The Gym Group is the original provider of high quality, low cost gym facilities in the UK. The Gym Group, Northampton is the first of the company's 210 locations to provide EV charging for customers and staff. This is the first installation of a national roll out plan.

### **EV charging for staff and customers**

The Gym Group, Northampton chose a combination of wall-mounted MaxiChargers for their rear car park and a MaxiCharger pillar outside their front entrance. In total 7 charging points were installed in parking bays reserved for EV charging. The Gym Group chose Fuuse for its software solution to facilitate management and billing of the electricity used for charging.

- ✓ 7.4kW sockets for fast charging
- ✓ Fuuse App to activate and monitor charging
- ✓ OCPP 1.6 compliant for software flexibility
- ✓ Built-in dynamic load balancing to protect power supply
